

John L. Kachelman, Jr.: EMBRACING THE ISLAMIC INVASION

Guest post by John L. Kachelman, Jr.

Whenever mankind tries to “help” the Almighty’s promises, only tragedy results. Such is the conclusion with Abraham and Sarah trying to help God’s promises.

Even though centuries have passed since their disastrous choice, the tragedy continues. Such eventually birthed the Islamic Worldview.

Islam has posed a deadly threat to the Judeo-Christian Worldview.

The two are incompatible and will never reconcile their differences (see the bullet points below). This is a conclusion that is politically incorrect. But this is a conclusion from reality. The fool boasts in the “coexist” bumper sticker.

The HISTORICAL FRAME

The narrative of Charles Martel (“The Hammer”) fitly frames the conflict (although many more historical references could be cited such as Malta or Constantinople).

The Battle of Tours is studied in think tanks and war colleges of significant battle stratagems. Tours was a key moment in the history of Europe. It was a total victory over the Caliphate.

The Muslims attacked Martel, desperate to pillage the rich cathedral outside the walls of Tours. The battle began with thundering cavalry charges from Rahman’s army but, Martel’s infantry retained their formation.

An outflanking maneuver attacked the Muslim camp from the rear. The Muslim soldiers panicked and in full retreat, fled to save their loot. Tours was an important moment.

It stemmed the Islamic advance and revealed that these foreign invaders could be defeated. While Tours is highlighted in western history, it is understandably largely ignored in Arabic history.

While Tours stopped the Islamic invasion in the Sixth Century, the Muslim attacks and advances to subdue the west continue on civilization’s timeline.

THE TROUBLING NARRATIVE

Tours was but a pause in Islam’s thirst for conquest. The hunger for conquest remains unstoppable. A general survey of western Europe reveals the shocking results of Islamic

conquest. England, France, and Germany have basically lost national identities in a surrender to Islam.

And the United States of America is following that surrender as the politicians, the judicial and the executive branches are on record as coddling and enabling Islamic advances.

The general population is surrendering to a Worldview diametrically opposed to their guaranteed life, liberty and pursuit of happiness!

Look at news reports validating this servile surrender. Take time to read the links and realize just how far Islam has invaded our nation. Many of these come from rabid Islamic publications!

Streets where crosses once stood now echo with the call to prayer. Immigrants from Pakistan, Bangladesh, Burma, and West Africa began arriving a decade ago...In one former Polish Catholic Church, now converted into a mosque, the imam proudly speaks words dripping with contempt for Christianity and Western culture...A faith born in Europe's cathedrals is being erased, replaced by one that views those very churches as monuments of sin...*What was once the heart of working-class America is becoming a new kind of cultural frontier — one where the symbols of faith, community, and identity are being rewritten in Arabic script.*”

Many of the wins were in Republican-leaning states, including Texas, Virginia and Georgia, and included 20 incumbents and 17 new candidates. This marks the highest number of electoral victories for the community of around 3.5 million people, breaking the record of 2020, when 71 Muslim Americans were elected into office.”

THE IDIOCY EMBRACED

Listen to this Islamist preacher in [Dearborn, Michigan](#). He bluntly attacks Americans and sneeringly suggests that our culture is barbaric because we use toilet paper!

It is incredible that the general population of America is embracing such a worldview. I wonder what the progressive young women, who vote for the DEMS and uphold Islam, will do when they have to submit to the Islamist hygienic rules?

“Despite all their technology, Americans are so uncivilized and backward, they wipe themselves with toilet paper. Allah sent us to civilize them because they are the lowest form of human nature.

Christians are so jealous of us, their nation is dying!” This is the hatred for the USA that is smoldering underneath the “peaceful” image of Islam.

Below is the [video](#) of the preacher’s comments.

Do you understand Islam’s view of Americans? Here it is again in case you missed it, “Allah sent us to civilize them because they are the lowest form of human nature.”

THE URGENT NEED

There is an urgent need for the general population to recognize and respond to this invasion that seeks to infiltrate, undermine, destroy and ultimately replace our nation’s Judeo-Christian Worldview with the Islamic Worldview!

[Senator Tommy Tuberville](#) (R, AL) has sounded an alarm.

[Senator Tom Cotton](#) (R, AR) is requesting an investigation of CAIR due to the group's ties to terrorist organizations like Hamas and the Muslim Brotherhood and the organization's leadership repeatedly voicing support for terrorism.

There should be outrage to the Islamic invasion but all we hear from politicians and jurists is a whimpering apology!

THE STARK DIFFERENCES

I list just a few of the more obvious differences between these two competing Worldviews. Readers can add many more.

- The USA is a Representative Republic; Islam is a Caliphate
- The USA is founded on the Christian Worldview; Islam is founded on the Koran's Worldview
- The USA governing quality is reason; Islam's governing quality is coerced submission
- The USA trusts in the Lord God Almighty; Islam trusts in Allah
- The USA sees equality of all; Islam sees superiority of Muslims
- The USA builds progress; Islam pillages and destroys

THE CURE PRESCRIBED

The address to this invasion must begin NOW! 9/11 has been forgotten but it illustrates the bitter enmity that underlies the Islamic invasion ("Allah sent us to civilize them because they are the lowest form of human nature").

Definite actions are needed now to safeguard our Republic from violent bloodshed. Here are some suggestions...

- Rescind all VISA formats and allow reapplication ONLY FROM ONE'S FOREIGN NATION. Fully vet all VISA applications. Send ALL back to their nations to apply!
- Scrutinize and hold accountable all sponsors, employers and enablers of those brought into the USA on VISAS. Hold these accountable for the words and actions of the VISA holders who strive to undermine our Republic's Rule of Law. Mete just punishment to those who violate the Laws of our land.
- Remove immediately, by legal process, any politician or jurist that fails to uphold the Constitution's Rule of Law regarding immigration, VISAS, and activities that seeks to destroy our nation's civility.
- Take strong, concrete political action to stop and remove the Muslim immigrant invasion that has been allowed to compromise our Republic.
- Remove ALL "multicultural" exceptions—IF one is in the USA THEN that one is to follow the foundational cultural norms of this nation respecting the Christian Worldview that the founders embraced.
- Stop allowing a devilish, corrupting "tolerance" to embrace those who sneer and loathe our Republic.

- Elect on all civic levels ONLY those who are committed patriots upholding the U.S. Constitution.
- Follow the ORIGINAL intent of the U.S. Constitution so our Republic remains as it was ORIGINALLY designed!

THE SOBERING REALITY

The current society of our Republic faces grave dangers. The Marxists are fomenting chaos that unsettles the structure and order of our Constitutional civility.

The Islamists are eagerly watching with mouthwatering hunger, waiting to pounce on the chaos and complete their invasion and subjection of our Judeo-Christian Republic to their Islamic Kingdom.

And with this one-two punch, they will avenge the Battle of Tours!

Are we witnessing [the smoldering embers of a fire](#) that will consume Western civilization? Are we smart enough to recognize and smother it before it becomes an inferno?

Will the United States of America capitulate? Will future think tanks and war colleges study the current actions, highlighting the stratagems of the Islamic invasion that conquered the United States of America?

I am reminded of an observation from [2022](#), “*A failed nation* is the consequence of the citizen’s complacency. *A corrupt nation* is the product of corrupt politicians and bureaucrats.

A nation’s erasure is the Divine’s judgment on the population bowing submissively and surrendering their inalienable rights to a totalitarian group. It is a CHOICE of the citizens.”

A review of a previously published article correctly observes, “In [his closing remarks](#), Kachelman paints a stark picture of the ongoing battle for national identity. He describes a need for a return to core American values, unabashedly professing, ‘I AM AN AMERICAN PATRIOT.’

He challenges the divide-and-conquer strategies of detractors who dismiss such identities in favor of a diluted concept of unity. He reinforces the belief that true patriotism is rooted in principles established through the nation’s history and the Judeo-Christian ethos.”

The clash of Worldviews is not new. Satan has long sought to persuade mortal minds to accept a different view than the Almighty God commands. God expects mankind to reason and choose correctly.

“For even if there are so-called gods whether in heaven or on earth, as indeed there are many gods and many lords, yet for us there is only one God, the Father, from whom are all things, and we exist for Him; and one Lord, Jesus Christ, by whom are all things, and we exist through Him” (*The Bible*, 1 Corinthians 8:5-6).
